Whittaker, Miss Edwards, Mrs. Olderswaw, Mrs. Semple, Mrs. Pickhard, Mrs. J. Bland, Miss C. Gowen, Mrs. G. N. Haynes, Mr. Bone, Mrs. Luney, Mrs. J. C. Jones, Mrs. Mortimer, Mrs. Hooson, Mrs. Dearson, Mrs. J. D. Miller, Mrs. Stemler, Miss L. Nelson, Mrs, D. Ross, Lizzie Gleason, Mrs. H. Smith, S. Blake, Mrs. Findlay, Miss A. Harrison, Miss M. Harrison, Mrs. Jesse, Miss McNeil, Mrs. C. Hayward, Capt. Jones, F.R.G.S., Mrs. Sears, Mrs. L. Redon, C. Squires, Hon. John Robson; Supt. of Education Pope and the following members of the school board of trustees; D. W. Higgins, M.P.P., Chas. Hayward, H. F. Heisterman, Dr. G. L. Milne, R. B. McMicking and W. Walker.

The superintendent of education called upon the minister of education to present the governor-general's medal.

Hon. Mr. Robson, addressing the fair medalist, said: I feel gratified and highly honored in being called upon to discharge this pleasing duty—a duty which, I may tell you, would have been discharged by the Queen's representative (the Lieutenant-Governor) were it not for that distinguished gentleman's illness and consequent absence from the city. His Excellency the Governor-General has very properly manifested his interest in the education of the pupils attending the common schools in this city, by offering for competition between the boys and girls, a beautifully executed medal and it is highly creditable to the girls that they have carried off this coveted prize for several successive years. This goes to prove the correctness of the modern theory that girls are the equal of boys in point of mental power, and you have nobly done your part in demonstrating the soundness of the theory. I have very great pleasure in presenting you with this beautiful medal. Let it spur you on to still greater effort to excel in all that is good, useful and praiseworthy.

Mr. Alex Wilson in presenting the prizes to the successful members of Miss Cameron's class, congratulated the girls and told those who had not got prizes to keep up and not be discouraged. He complimented Miss Cameron on the efficient manner in which she had always brought her pupils before the public.

Trustee Milne presented the rolls of honor to the pupils and gave them good advice as to their future.

Trustee Higgins in presenting a prize to Miss Wylde for her essay on Queen Victoria, said if that illustrious personage could read the essay she would feel proud to think that there was a school girl who had followed the pages of her life so well.

Two young ladies then stepped forward and presented Miss Armstrong with a lovely boquet in a glass vase, and an address which read:

"On behalf of the pupils in your division we beg to tender you this trifle as a slight token of appreciation for your past assiduousness and kindness, and we trust you will accept the same with our united love and gratitude. While most earnestly hoping that the coming holidays will be both enjoyable and beneficial, we wish to assure you that when you return to your onerous duties you will be welcomed with exceeding joyfulness."

Hon. Mr. Robson was then called upon to address those present. He said this year was one in a lifetime—one to be remembered as commemorating the 50th anniversary of the accession of our beloved queen, and he hoped it would be a green spot in the memory of every girl present. He admonished them to read and study the character of our noble queen during the holidays, and strive to imitate the graces which adorned the character of the best and most illustrious sovereign known to history. They would learn that she had trained her own daughters to understand and do housework, an example well worthy of imitation by our own mothers and daughters. He referred to the large number of parents present, a most gratifying evidence of growing interest in education, and gave figures to show the wonderful increase in the number of pupils and general efficiency of our schools since 1882, affording the best possible gauge of the substantial and healthy progress of the city, and he complimented trustees and teachers for the part they had played in bringing about so gratifying a state of affairs,—admonishing parents to strengthen the hands of teachers by seeing that their children were regular in their attendance. He concluded a very happy and effective address by wishing a pleasant and enjoyable jubilee holiday to pupils and teachers, and sat down amid hearty applause.

Trustee Higgins said a pleasant duty was devolved upon him, that of presenting the roll of honor to Miss Armstrong's division; but before he did so he would like to say what he thought most essential for the development of the school system. He was of the opinion that an inspector should be added, as the work was becoming more arduous every year. The board of trustees should be enlarged from six to nine members, as the labor connected with that office was more than six members could successfully attend to. He then wished the pupils a happy holiday, and exhorted them to return to their studies with a will to get on and make their scholastic career a complete success.

Trustee Milne said that he endorsed the sentiments of the minister of education and Mr. Higgins. If the parents were not in unison with the teachers it would be impossible to have a large attendance at the schools.

Trustee Heisterman was of the opinion that all that he would say had been said by the other speakers, and as the time was advanced he would not keep them any longer. He concluded by wishing them all a most enjoyable holiday.

After singing "God Save the Queen" the exercises were brought to a close.

Johnson Street School.

The examination of the Johnson street ward school, Miss Gowen, teacher, was held yesterday forenoon. There was an attendance of eighty-eight scholars, all dressed prettily, and looking bright and happy. A noticeable feature of the occasion was the presence of a large number of the mothers and other relations of the pupils, among whom were the following: Mrs. H. F. and Miss Heisterman, Mr. and Mrs. W. Bone, Mrs. J. D. Milne, Mrs. E. H. Jackson, Mrs. J. Welsh, Mrs. Hoosan, Mrs. John Clarke, Mrs. Dudgean, Mrs. D. and Miss Anna Russell, Mrs. L. E. Erb, Mrs. A. J. Clarke, Mrs. G. Clarke, Mrs. H Smith, Mrs. Bland, Mrs. Etheridge, Mrs. W. J. Smith, Mrs. Page, Mrs. and Miss Penketh, Mrs. Steele, Mrs. Greaves, Mrs. Horner. Mrs. Adams, Mrs. Cousins, Mrs. McConnell, Mrs. Collis, Mrs. and Miss Turple, Misses Jennings, L. Gleason, J. Cameron, Mabel Haynes, Lillian Warren, Isabella Milne. S. D. Pope, superintendent of education, Trustees Heisterman, McMicking, Milne and Walker, and Mr. Thos. Geiger were also present.

The exercises were of a very interesting character, a spirited spelling match being won by Wm. McKeown, and the pupils showing exceptional progress in this branch. A worthy feature was the marching exercise by the children, Miss Gowen playing, the pupils singing. It proved the excellent discipline under which their teacher controls them.

In announcing the promotion lists and presenting the prizes, Supt. Pope referred to the change of teachers and said it could not be expected on this account that the school would be in as high a state of efficiency as otherwise, but the discipline was all that could be desired. He also referred in a complimentary manner to Marmillia Gilchrist, who had not missed a single day or been once late during the year.

Trustee McMicking expressed himself as pleased with the progress made, and thought if the visitors were pitted against the scholars in a spelling match, the former would come out second best. The only fault he found was in the overcrowded condition of the school, and he hoped the government would abate this inconvenience by building additional schools.

Trustee Heisterman, who takes a fatherly interest in the school, was very much gratified with its efficiency, which was remarkable considering its crowded state. Certainly there must be excellent management on the part of the teacher and good conduct on the part of the scholars.

Trustee Milne addressed a few congratulatory remarks.

Trustee Walker counselled the scholars to persevere in their efforts until they had attained the highest rung of the ladder at the central school.

Supt. Pope said that the government had arranged for the building of another school in the neighborhood of North Park street, and another on the Tolmie estate near the boundary. Both would tend to relieve the pressure in the Johnson street school.

Three hearty cheers were given by the scholars for Miss Gowen, and after the singing of "God Save the Queen" they were dismissed with happy faces, anticipating the pleasures of the long holiday.

WHAT SOME PEOPLE SAY.

That there is sure to be a great demand for SAVORY'S CIDER at the jubilee sports and picnics; those catering to the public should provide accordingly. No luncheon basket complete without it. *1m

That the Queen, in commoration of her jubilee, will order the release of all the military prisoners confined for petty offenses.

That SAVORY'S CIDER is the best in the market—took first prize at the Victoria Exhibition, 1886—is pure and unadulterated. In pints and quarts. It is first-class for picnics and excursions. Prices to be had of the makers or Messrs. Bossi & Giesseleman. 1m

FEARS FOR THE QUEEN.

Great Precautions Being Taken to Prevent Dynamite Plots.

[Special to THE COLONIST.]

LONDON, June 15.—As jubilee day approaches fears that the festival will not pass without disaster increase. The reports are revived that the dynamiters have arranged a series of outrages. It is to the effect that high officials and Scotland Yard are nervous over the possibility of such conspiracy.

At the beginning of the work of opening Westminster Abbey for the royal ceremonies an order was issued that the nationality and antecedents of every man engaged in the work should be examined and in case of anything doubtful being revealed they should be discharged.

At an inquest to-day upon the body of a workman accidentally killed in the abbey, the evidence showed the man through some unexplained neglect of officials was given work without the slightest previous inquiry into his character. Much indignation is shown at this carelessness and many believe that dynamiters are concealed among the workmen. In court circles apprehensions amount almost to a panic. It is believed that the dynamite scare is a revival of the old rumor, but no doubt there is much anxiety in official quarters.

THE WINNIPEG RAILWAY.

The Dominion Government to Fight Against its Construction to the Boundary.

(Special to THE COLONIST.)

MINNEAPOLIS, June 15.—A Winnipeg special to the *Journal* says Premier Norquay has been notified by the Dominion government that the construction of a line to the boundary will be fought at every step.

ASSAULTED A MERE LAD.

Dr Praeger Fined $5 and Costs for Striking a Little Boy with a Walking Stick.

The Nanaimo *Free Press* says: In the magistrate's court E. A. Praeger was charged with assaulting Thomas C. Horne, the telegraph messenger, while he was engaged in the postoffice, on Saturday afternoon. From the evidence it appears that the little boy of the defendant went to the postoffice for letters, which were given him, and he returned and told his father that young Horne had set the dog on him. The defendant then went in the postoffice and committed an assault upon the lad, striking him several severe blows with his walking stick. The lad Horne testified that the dog, which belonged to Mr. Earl, the postmaster, jumped up to the wicket and barked and the little boy went away crying. Horne denied that he either set the dog on to the boy or that the dog bit the boy—on the contrary, he told the dog to lay down. The bench decided (1) that the assault had been clearly proved by the evidence of Mr. Earl and the lad Horne; (2) that the justification was not sufficient to warrant the assault. The defendant was then fined $5 and costs.

BEAR RIVER.

The Mines Pronounced a Failure.

Captain W. L. Loch, of San Francisco, and C. S. Cummings, arrived from Bear river last night at 9 o'clock in a canoe. A reporter of THE COLONIST interviewed Captain Loch at the Brunswick hotel, who related the following facts concerning his visit to the river: "I came up from San Francisco about a month ago with the express intention of going to Bear river, and started out about the 14th of May with Mr. Cummings. We reached the river about the 23rd and immediately proceeded to prospect. We had not gone more than nine miles when we found that it was perfectly useless to go further, as the amount of gold found would not average 35 cents per day to a man. The Chinamen are camped about eight miles from the mouth of the river and they are only making from 35 cents to 50 cents per day, which is not half enough to pay their expenses. In my opinion there is scarcely any gold in that part of the country, and the reported large finds of the Chinamen are false. When we got to Clayoquot the Chinese boss who was reported to have $5,000 in gold dust told me that the amount he had in his possession was $420 in gold dust and $420 in silver coin which he had got from the trading Indians. He had showed it to several people, who, on going to Victoria had enlarged on the amount. He even went so far as to tell me that the Chinamen on the creek owed him $7,000. The boss is very much discouraged and the men under him want to get back to Victoria as soon as possible. They even went so far as to strike, but were induced to go back to work until the dam was completed, the boss thinking that they would then strike large quantities of gold."

Regarding quartz in the Bear river country, Capt. Loch is of the opinion that there is none, and all reports to the contrary may be put down as untrue. It comes to a pretty pass, said the captain, when a man has been working from early morning until dark to find in the end that he is only 35 cents richer."

Capt. Loch is an experienced miner, and was sent up to Bear river by parties in San Francisco to whom he will report when he returns to that city. Mr. Cummings is a son of Dr. Cummings, of Atlanta, Ga., who is spending the summer here.

Domestic Economy.

A Valuable Discovery.

COMMAND OF BATTERY "C."

The announcement that Lieut.-Col. Gray, commanding the Toronto field battery, is to be appointed to the command of "C" Battery is received in this city with the most profound feeling of regret, because it means that Col. Holmes will be superseded. That gentleman was sent here to establish the battery, and that it has not long ere this been instituted is no fault of his; the blame, and blame it is, lies with the Dominion militia authorities. He has been a soldier all his life, and we who know him can attest to his great ability in his line of duty and to his character as a Christian gentleman. He is most popular in militia circles in this city, and his vast knowledge of his own particular business has long been a standing wonder to all who have been brought into contact with him. It is said that the Minister is opposed to the appointment of militia officers over those who have served in the permanent force, but that the influence brought to bear upon him by members of parliament and others connected with the militia is so great that he is unable to carry out his wishes. A pretty pass we are coming to when the beliefs of the minister of militia are to be overruled by interested friends of one particular person! Is British Columbia to have nothing to say about the matter, is she to be ignored, and the representations of the members for Toronto, forsooth, to sway the feelings of the Minister! Col. Holmes is a member of the permanent force, and it will be a gross breach of discipline and ordinary courtesy, if, for political reasons, he is to give way to a member of the militia force. Let Sir Adolphe carry out his own ideas, and by doing so, by continuing Col. Holmes in his command here, he will increase the efficiency of the service, and do justice to one of the most popular and efficient gentlemen who has ever been connected with the military service of this province.

JUSTICE WANTED.

It is useless to deny that the dispatch of our special correspondent at Ottawa yesterday morning announcing that the supplementary estimates contain no mention of Victoria harbor, and but little of British Columbia, was a great disappointment to the hopes of our people. We had been led to believe that long deferred justice was to be done us at last, and that the government had resolved to do their duty by a city and province which has lent them a continuous and unswerving support. Our hopes have been rudely dispelled, and we are led to ask ourselves whether a province in opposition has not a better chance for patronage than one in accord with the existing administration. British Columbia sends a solid delegation of six members to Ottawa in support of the Liberal-Conservative party, and Prince Edward Island sends as solid a delegation to support the Liberal party. The latter is the special care of the government, and the former is treated with a cold and stolid indifference. It may not under such circumstances be difficult to satisfactorily answer the question. The government may find, if some small measure of justice is not meted out to this too long neglected province, that there is an end to human patience. We of Victoria see the transpacific steamships sailing past our doors without even so much as deigning to "toot" and the capital of the province—the great commercial centre of British Columbia—given the go-by by a huge monopoly with whom our protests do not prevail. We find that the representations of our members are unheeded and our city, which once chose as its representative the premier of the Dominion, utterly ignored by the government, while paltry cities in the east are treated with the greatest consideration, and we may find it necessary to protect ourselves, since self-preservation is the first law of nature. We believe that the British Columbia members as a whole, and Messrs. Baker and Shakespeare in particular, have done all that men could, to have British Columbia given some place in the estimates, and that this has not been done cannot be honestly attributed to them. Though consistent supporters of the government of Sir John A. Macdonald, we would be wanting in our duty to the electorate of this province did we not reprobate this action of the administration, this studied indifference to our wants. Well, "it's a long lane that has no turning."

SOME STARTLING REVELATIONS.

The reports that have been cabled from London from time to time concerning the disgraceful condition of the British navy appear to have considerable foundation. Lord Randolph Churchill has been adding to his "revelations" and his statements are astounding. In his recent speech at Wolverhampton, the late chancellor of the exchequer said: "After the bombarding of Alexandria the ironclads Sultan and Alexandria had not ten rounds of heavy shell left, and as there was no reserve at Malta they would have been utterly at the mercy of the French fleet. In the Khartoum expedition the shells were too large for the guns, and were so badly made that they would not explode. During the critical state of Europe at the close of last year there was not a single cartridge in store for the machine guns. He heard from the highest authority recently that the Monarch came into harbor wanting heavy guns for her turret, but that there were none to give her, and that she had to rob Portsmouth and Spithead of guns capable of only seventy rounds. In 1884 the Ordnance committee designed some forty-three ton guns, and asked the Armstrongs to construct fifteen of them. The Armstrongs protested that the design was bad, but they were told to mind their own business and make the guns. When they were made Capt. Noble refused to send them to sea, saying they would burst. He also was told to mind his own business. Four of the guns were put aboard of the Collingwood, and on the second round, firing half a charge, one of them burst. The whole were then condemned at a loss of £200,000. Worst of all, if there was a war, four of the guns were still held in reserve for the Collingwood." Lord Randolph made numerous other revelations of inefficiency and badness in designs for new vessels for the fleet. He said: "Perhaps you understand the sort of system of expending public money against which I dashed myself and utterly refused to be connected with for a day or an hour. It is a system which, I deeply regret to say, the premier and the secretaries of the army and navy, being badly advised, have banded themselves together to support. I rather pity than blame them. I only want to show the sort of humbug which the official ring thinks good enough for public consumption."

These revelations, given in such an authoritative manner, and coming from a former minister of the Crown, must carry with them considerably more weight than the rumors cabled by partisan correspondents to suit the palates of American readers. That there is something very "rotten" in the British navy is evident, and that Lord Randolph has endeavored to probe this rottenness to the core is very evident. It is also evident that it is because he does not want to shoulder any of the responsibility for this disgraceful state of affairs that he resigned his seat in the cabinet. His action in thus exposing the disgraceful condition of the navy cannot but commend itself to the judgment of all right-thinking men, and if it has the effect of causing an improvement he will have deserved well of his country.

WHEN an item like the following appears in a paper of as much standing as the San Francisco *Chronicle*, it must be taken for granted that what is stated is a fact. Papers in a city usually do not speak disparagingly of any citizen or habits of citizens unless the faults are so glaring that the world at large can see them. Says the journal referred to: "There are many evils in our midst, evils that have so far been unnoticed and unchecked, and will probably remain so. From our church pulpits on Sunday a sermon could be preached which might be beneficial for there doubtless would be many present to whom the subject would apply with much force and meaning. Cigarette smoking by young girls would be a most appropriate topic. It surely is bad enough for boys, and even men, to indulge in this enervating habit, but when it comes to young girls having a tendency to smoke, and even making a practice of smoking regularly, then the line should be drawn. The number of girls, many of them not out of their teens, who move in high society, and who are habitual c. ette fiends, is alarming, and would astonish many who are not posted. They regard it as a harmless practice, one that can be stopped at will, and which will not have any debilitating effect. In this thought they err. The habit is a most treacherous one, and those society belles who languidly puff wreaths of smoke through amber holders, and fondly imagine that no harm will ensue, will ere long notice the bloom of youth fading from their rosy cheeks, and probably will wish to stop when the effect is irremediable."

THE Tacoma *Ledger* in referring to an article in this paper on the late "scene" in the commons concludes:

"Our neighbors are evidently paving the way for annexation, and their law makers will be able to hold their own with our democratic congress in the little matter of calling one another out of their names."

O, we never do anything so naughty on this side of the line. It's not parliamentary, you know. We allow congress a monopoly of that kind of business.

LOST BY TWO VOTES.

OTTAWA (Ont.), June 14.—At the meeting of the house committee on agriculture and immigration this afternoon a lively discussion took place on the statement of Low, deputy minister of agriculture, that the American consular agents in Canada were quiet but active immigration agents for the United States. Several members denied this, and said that the real immigration agent for the United States in Canada is the Grand Trunk railway, which by being kept out of the Northwest offered an inducement to travel over its line. Watson, Manitoba member, thereupon moved that in the opinion of the committee the settlement of Manitoba should be promoted by allowing the Grand Trunk entrance into Winnipeg. The resolution was declared lost by two votes, but the chairman would not re-open the subject and the meeting broke up in disorder.

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health, but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof, that *Green's August Flower*, will make them free from disease, as when born. Dyspepsia and Liver Complaint are the direct causes of seventy-five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of *August Flower* will prove its wonderful effect. Sample bottles, 10 cents. Try it. dw

ADVICE TO MOTHERS.—MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from the teething or other causes. Twenty-five cents a bottle. Be sure and ask for MRS. WINSLOW'S SOOTHING SYRUP, and take no other. d&w

Weather Probabilities.

It is probable that in the breaking up of winter we shall have much damp, sloppy weather, when rheumatism, neuralgia, sore throat, and other painful complaints will prevail. Hagyard's Yellow Oil is the popular household remedy for external and internal use. Its curative power is truly wonderful. tu-th-sat-dw

Licensing Court.

The provincial licensing court was held yesterday afternoon at the school house near the Royal Oak, Victoria district, the following gentleman on the bench: J. Sinclair, W. Reay and H. McHugh.

Transfer of license was granted fron A. Gilmore to W. Phair, Goldstrean House; also from Martin Dodd to Bernard Wrede.

Messrs. Tait & Davis applied for a liquor license at the Victoria Driving Coun. Pearee and Mr. Alex. McLean forwarded letters disapproving of the granting of this license, which were read by Supt. Roycraft. The latter strongly opposed granting the license. The license was unanimously granted. No other business was transacted.

Granite Creek Platinum.

After all the talk and enquiry made about platinum, says the *Oregonian*, at last a lot of the genuine article has been received here. It came from Granite creek, British Columbia; and there is 100 ounces of it. It will be sent east by Mr. James Fisk, and after being refined will be sold, and then it will be known how much can be paid for it. Bulk for bulk, it seems to be heavier than gold and is a nobler metal. From granite creek also comes a lot of coarse gold, which is good to look at and quite different from the tiny scales commonly found in placers. There is more platinum to be had at Granite creek. It is found among the gold and when cleaned out, used to be thrown away, but it will not be thrown away any more, for it is worth about as much as gold, perhaps more. The lot brought down is in quite coarse flakes, with some small nuggets amongst it. It is of a dull steel grey color and its great weight is the only indication which might lead one to suppose that it was valuable. Some parties who have been on Granite creek think they have found a platinum mine just this side of the boundary line.

Liquor Licensing Court.

The licensing magistrates sat yesterday in the police court room of the city hall. Those present were: Mayor Fell, Edwin Johnson, Q. C., S. M., and Messrs. R. P. Rithet, Robt. Ward, A. McLean, Thos. Shotbolt, McMillan, R. B. McMicking, Geo. Morrison, Wm. Dalby, and A. J. Langley, J. P's.

The following applications were taken under consideration and all but one were disposed of:

Tibbals and Vader, applied for a transfer of their license at the Senate saloon to O'Brien & Hill; granted.

Application from Wm. Scott, asking that his business to sell liquor on Wharf street be transferred to Chas. McCluskey; granted.

From H. F. Sieward, requesting that his license to sell liquor at the Concordia be transferred to E. D. Norton; granted.

From F. G. Richards, sr., asking for a transfer of his license to sell liquor on Langley alley to Thomas Babbington; granted.

Mr. J. J. Austin appeared for Mr. Sieward and Mr. Richards.

From the executors of the estate of W. Loshe, applying for a change of the name on the license to Clemens G. Sauer; granted.

Angus & Gordon applied through their counsel, Eberts & Taylor, for a shop license to sell liquor by the bottle; granted.

The application of Hamm & Marbeuf was refused.

John Elliott Captured.

Through the instructions of Superintendent Roycrfat, who dispatched officers Campbell and Miller to the scene of the attempted murder at Sooke, the fugitive was captured the same evening. The officers traced Elliott along the Sooke road for six miles, when he hid in the brush. They made a circuit and came out on the road again about six miles further on, where they laid in wait, and were rewarded by seeing the prisoner approach along the road. He quietly surrendered and was brought to Victoria. In court yesterday morning he was remanded eight days to await further developments in the wounded woman's condition. This quick capture of the criminal reflects credit upon Supt. Roycraft and his officers.

Recital by Miss Collin's Pupils.

The first public recital by the pupils of Miss Lola Collin at the Y. M. C. A. hall last evening was well attended. The following sentences were passed:—Ah Jim, larceny, one year's imprisonment at hard labor; Hezekiah Jones, larceny, one month's imprisonment; Louis Omegash, manslaughter, five years in the penitentiary.

The court adjourned to Wednesday, July 6th.

The Royal City's Jubilee.

New Westminster began the celebration of the Queen's jubilee on Tuesday morning. Horse racing formed the chief attraction during the forenoon. A royal salute was fired at noon, while the band played "God Save the Queen." The afternoon was occupied with boat racing. The opening of the public park took place at 3 o'clock in the afternoon.

The *Columbian* says that the whole military force, including artillery and rifles, headed by the band, marched to the park, where quite a number of citizens had assembled. His Worship Mayor Dickinson addressed a few appropriate remarks to those present, and formally declared Queen's Park open and dedicated to the city of Westminster in honor of Queen Victoria. A royal salute was fired and much enthusiasm, and many congratulations. With his usual generosity the mayor invited the members of the militia to partake of refreshments at the Holbrook house.

The bazaar in the drill shed was well patronized during the day. A grand torchlight procession took place in the evening on the Fraser. The whole affair passed off most successfully.

A Handsome Chair.

In the window of J. Sehl is to be seen an easy rocking-chair, the seat and back made lovely by branches of yellow roses painted in oil and crimson satin. They are natural as life. The upholstering work is perfect and reflects credit on the artizan. The chair was painted by Miss Withrow and is a present to the Sisters of St. Ann, of New Westminster, at whose school the young lady took her initial lesson in drawing.

At The Victoria.

Mlle. Rhea and her unequalled company again delighted a Victoria audience last evening in a splendid production of Ernest Legouve's society comedy "Fairy Fingers." It requires a great actress to delineate the perfection of dramatic art in all its various phases, and Mlle. Rhea's characterization of Hortense is evidence that she possesses quite as much talent in comedy as she displays in characters calling for great emotional power. "Fairy Fingers" is so thoroughly Parisian that at first the audience cannot understand why Mlle. Rhea assumes the *role*, for the star part is that of Richard de Kerbrian; yet there are so many pretty little scenes and exquisite witticisms that it impresses one with many pleasant afterthoughts, together with the conviction that it is one of the most charming plays in her *repertoire*. Those who did not see Mlle. Rhea's natural and winning impersonation of Hortense missed a very delightful evening at the Victoria.

Mr. Arthur Forrest, in the character of Richard de Kerbrian, was irresistably amusing and proved that he is as good in high comedy as in more serious *roles*. The company, as usual, were in perfect accord.

To-night M'lle Rhea will appear in her new comedy of the Widow. She will wear for the first time here her famous Queen of Holland dress. For the benefit of our lady readers we append a description of this regal garment:

The front of the dress is composed of heavy yellow satin richly covered with raised flowers in embroidery and gorgeous ostrich plumes. One side of the front is occupied by a beautiful bird of paradise, artistically wrought in gold thread. The materials of the sweeping train, four yards in length, is black satin, profusely covered with gold flowers. The corsage matches the train in color and material; gold embroidery and ostrich plumes again forming prominent features, a bunch of the plumes being also displayed on the left shoulder. The jewels worn with this costume are an echo of the royal garment, and consist of a magnificent set of diamonds, bracelets and necklaces, presented to M'lle. Rhea in St. Petersburg, as a souvenir of her first visit to the dominions of the Czar.

RECEPTION TO REV. J. E. STARR.

Pandora Street Methodist Church Accords the New Incumbent a Warm Welcome.

Last evening the school-room of Pandora street Methodist Church was crowded by members of the church and congregation to welcome the new pastor, Rev. J. E. Starr and Mrs. Starr, who arrived on Tuesday night. A great deal of interest had been created in the new minister before his arrival, and good impressions were numerous. His introduction last night more than verified previously formed good opinions.

Rev. Mr. Ladner occupied the chair and opened the proceedings.

Mr. D. Spencer, on behalf of the quarterly official board; Mr. W. McKay, representing the elder membership of the church; Mr. John Jessop, on behalf of the choir; Sheriff McMillan, representing the trust board; and Rev. Mr. Ladner, on behalf of the younger membership and children; addressed warm words of welcome to their new pastor and his wife.

On coming forward the reverend gentleman was loudly applauded. He said throughout the east the kindness, genuineness, geniality and generosity of the Pacific slope were proverbial, and especially that of the fair city of Victoria. He had had an ambition to see the people and the wonderful resources that he had heard so much about, and when he was asked if he would go to Victoria, after due deliberation he had consented. They had welcomed him—he was here and ready for work and he heartily thanked them for the kind reception accorded. The speakers had said that they were preparing for a revival of God's word among them. He hoped they would answer their own prayers by attending the prayer meeting on the following evening (hear). He was down on whisky, (hear, hear) and it did not matter who or what they were who were engaged in the traffic he would say hard words against it (hear, hear). But if there was a drunkard seeking to raise himself he would lend his hand to help him. There would no doubt be many who would criticize him. Well, he didn't mind that—it would do him no harm and it might do them good (laughter.) He looked to God in faith, and trusted that his blessing would crown their efforts to do good.

After the applause had subsided, the audience partook of the substantial refreshments provided by the ladies, and passed the remainder of the evening in becoming acquainted with their new pastor and his worthy wife, who is eminently fitted to be his helpmeet. All present were favorably impressed, and are looking forward to increased effort and an expansion of the work of the church in disseminating christian truths under the new pastorate.

THE CHINA STEAMERS.

They Will Call at Victoria on the Inward and Outward Voyages.

Advices were received in Victoria yesterday that the China steamers were ordered to call at this port on both inward and outward voyages. This arrangement should have been made before the sailing of the first steamer. However, it is what was contended by this paper and our leading merchants would sooner or later take place—as it is sooner, so much the better.

MUNICIPAL COUNCIL.

The regular weekly meeting of the city council was held last evening in the City Hall.

Present—His Worship Mayor Fell, and Couns. Grant, Styles, Harris, Braden, Pearse; Higgins, Vigelius, Coughlan and Barnard.

The minutes of the previous meeting were read and adopted.

COMMUNICATIONS.

From J. P. Burgess, asking for street lines on Belleville street opposite Mrs. Mouatt's property; granted.

From the mayor and chamber of commerce of Tacoma, inviting the mayor and council of this city to participate in the celebration of the completion of the Northern Pacific and the national holiday. Received, and a letter ordered to be sent to the mayor of Tacoma accepting the invitation.

From Mrs. P. A. Astrico, calling attention to the bad state of repairs of the sidewalk opposite her premises on Store street; referred to the street committee with power to act.

From ———, asking what the water committee's decision was regarding his getting a supply of water; referred to the water committee with power to act.

From ten ratepayers, petitioning the graveling of Michigan and Young streets; referred to the street committee with power to act.

From Chas. Bush, saying that he had been ill and had to pay for the services of a man to take his place, and applying for half-pay in order to meet necessary expenses during his illness. Received and the request granted.

From Samuel Gray, saying that for two years he had endeavored to get a supply of water on the corner of Chathan and Government streets in case of fire. A hydrant was needed there and in case of a fire he would hold the corporation responsible for any damage done his property. Referred to the water committee, with power to grant the request.

From Tai Yeck & Co., informing the council that they wanted the use of the street for some time for building purposes. Referred to street committee.

From 117 business men, saying that they consider the extending of the Esquimalt and Nanaimo railway into the city will be of benefit to the business interests of the city, and asking that the mayor and council confer with the president of the road and ask him upon what terms the company will extend its line. Laid on the table until Coun. Higgins' motion was introduced.

JAMES BAY BRIDGE.

The tenders for painting James Bay bridge were then read and are as follows: Joseph Sears, $1,400; Eli Harrison, $600; Wm. Irving, $1,675; O. Demers, $2,250; Mr. Harrison was awarded the contract, his being the lowest tender.

Coun. Barnard said before any more money was expended the finances had better be looked into. He understood that there were several ratepayers watching the councillors closely with a view to making them personally responsible.

Coun. Grant thought that the council should go slow with regard to spending money until the finances were looked into.

Coun. Braden was in favor of having the bridge painted.

Coun. Higgins asked if there had been an audit lately. He had not seen one for five months at least. Where is the auditor? He was sure that he had not seen him for a month.

Coun. Styles then read a statement of the auditor's last report.

Coun. Higgins asked when the last financial statement was laid before the council.

The Clerk—The last statement was from the 1st January to 31st March.

The contract for painting the bridge was awarded to Eli Harrison.

MOTIONS.

Coun. Higgins moved that whereas the establishment of the southern terminus of the Esquimalt & Nanaimo railway at Victoria west impair the usefulness and value of that important enterprise, especially as regards the commerce of this city, while it increases the expense of travel and freight between the city and the east coast of the island, therefore be it

Resolved, That the mayor and council wait on Mr. Dunsmuir in a body and ascertain upon what terms the line will be extended to the city.

The mover said that speedy communication with the Island railway was a most important matter. He hoped that in discussing the question the council would take into consideration the large number of signatures appended to the petition.

Coun. Grant said he did not agree with the working of Coun. Higgins' motion regarding the waiting upon the president of the railway to ask him what terms the company would ask to bring the road into the city. He thought that a committee should wait upon Mr. Dunsmuir and ask his views regarding the extension to the line to the city.

Coun. Barnard and Pearse agreed with Coun. Grant.

Coun. Higgins modified the motion which now reads "that the mayor and council wait on Mr. Dunsmuir and ask him if he intends to extend the line into the city."

The resolution was carried unanimously.

REPORTS.

The water committee reported unfavorably with regard to Mr. McLaughlan being supplied with water at fifty cents per month as a better supply was expected shortly.

With regard to Messrs. Cried & Bantly's application for water your committee are of the opinion that the services should be laid as soon as pipes come to hand.

The street committee recommended that a 6-foot sidewalk be laid on the north side of Joon street, providing the property-owners repair any damage that may be done to fences, etc., resulting from the grading for the sidewalk.

That a sidewalk be built on Superior street between Birdcage walk and Beacon Hill Park.

Coun. Pearse then read Mr. Bell's report on the water works, and in commenting on it said that Mr. Bell had given considerable time and thought in getting up the report. He was no doubt a practical man, but in justice to Mr. Bell and Mr. Hendry and more so to the ratepayers, he moved that the matter be referred to the water committee, who will then check the report and either verify it or knock the bottom out of it.

Coun. Coughlan said that he was satisfied that the report be placed in the hands of the water committee for report, but he thought that the report should be printed so that each member could have a copy four or five days before the council met again.

Coun. Grant here said that the council should contribute something towards the regatta.

Coun. Braden said that it had always been the case to give a sum of money to such objects.

Coun. Pearse said on general principles he would approve the granting of any sum for the purpose named.

Coun. Higgins said that he would move that there be no excursion to Elk lake this year, and the money that has been spent on that can be devoted to the regatta.

Coun. Grant then moved that $250 be given, but as this amount was considered too small an amendment was moved that $500 be given to the regatta fund. The amendment was carried and the council adjourned at 9:40 o'clock.
